Work Experience

Hack It Sapiens Co-organizer	April 1 - April'16
• Serving as an Co-organizer for the 36-hour Hack it Sapiens hackathon in India.	
• Managed a database during the hackathon.	
VeriTech Software It Services Intern	Feb'5 - March 25
• Participated and collaborated in development to contribute and become a part of open source industry initiatives.	
• Created projects to expand my experience in ReactJS.	

Projects

Blog Website	Nov'19-2023
<i>Crafted a dynamic blog website using React.js and Redux, seamlessly managing state for smooth navigation and engaging user experiences.</i>	
• Developed with responsive site design, HTML, CSS and ReactJs and Redux.	
• We have used a free API to see different types of tech related blogs.	
Shopping Cart App	Jan'19-2024
<i>Used to purchase and add different things to the basket, a full-featured online store</i>	
• Made up of Tailwind CSS and ReactJs Framework.	
• Used the Context API for better state management.	
Portfolio Website	Oct'19-2023
<i>This website is constructed using HTML Tailwind CSS.</i>	
• Created a portfolio website that features information about my accomplishments, abilities, and experience in addition to myself.	

Academic and Extracurricular Achievements

- I & my teammates wrote a research paper on image processing for handwritten text recognition.
- Obtain the top spot out of 25 teams at the college tech festival with a wifi module robo car
- One of the top 5 robot battlebots at the JECRC university tech festival.
- As a player, I adore playing badminton.

Positions of Responsibility

GDSC CLUB Member	Jun'2022 - Present
• Member at google developer student club.	
• Kind of a community person that enjoys networking and going to all of the GDSC-organized events, such cloud events, etc.	
Green India Clean India Graphic Lead	Feb'2019,Present
• With my own spreading awareness in my society about cleanliness & handling all the graphics work.
